It Is Expected By Next Monday Twenty-Five Thousand Teamsters Will Be Out.

GREATER THAN DEBBS LOCKOUT

Hundreds Of Police And Private Watchmen Are Doing All In Their Power To Preserve Peace On The Streets.

[SPECIAL BY SCRIPTS-M'RAE.] Chicago, April 28.—With 3,000 teamsters on a strike and ten thousand other employees immediately affected, Chicago is this morning facing one of the most serious labor struggles in her history. Eight big State street department stores are already at the mercy of the strikers and other big concerns are being rapidly drawn into the controversy. By Monday the strike threatens to involve 25,000 drivers. Five hundred policemen and the same number of

ten drivers of the Peabody Coal Co. refused to go to work this morning, adding to the prospect of a coal famine. An Injunction United States Circuit Judge Kohlsaat at 11 o'clock this morning upon the presentation of a request from the Employers' Teaming Co., a West Virginia corporation, granted a temporary injunction against the strikers. NAN'S SISTER TELLS OF YOUNG'S LOVES

The Patterson Case Is Being Drawn Out Towards The End Very Slowly.

[SPECIAL BY SCRIPTS-M'RAE.] New York, April 28.—Mrs. Smith, a sister of the defendant, took the stand in the Patterson trial this morning. She identified a letter written to Young warning him that Nan Patterson was "frantic." The witness said Miss Patterson was disappointed because Young did not intend to get a divorce and marry her. The witness refused to tell why she did not respond to the summons of the grand jury last June on the ground it would incriminate her. She denied that either she or her husband visited Stern's pawnshop or that she bought a revolver.

YOUTHFUL SUICIDE NEAR EVANSVILLE

Fifteen-Year-Old Glen Roby Hangs Himself in a Barn Near That Place.

[SPECIAL TO THE GAZETTE.] Evansville, Wis., April 28.—Glen Roby, 15 years old, son of James Roby of this city, hanged himself in his uncle's barn about 12 miles west of here Thursday. His uncle, Wendell White, found him hanging to a ladder in the barn, his feet resting upon the floor. He had put the harness on one horse and a collar on the other, it being his intention to do some work with the team. No cause can be assigned as he was of a very cheerful disposition and apparently in the best of health, although he had complained of a severe headache in the morning.

FITZHUGH LEE WAS TAKEN ILL ON TRAIN

Former Consul to Havana Before the Spanish War Is Seriously Ill.

[SPECIAL BY SCRIPTS-M'RAE.] Washington, April 28.—General Fitzhugh Lee was stricken with an attack of apoplexy while en route to this city from Boston last night, and given immediate medical attention on his arrival here at ten o'clock this morning. General Lee was taken to the Providence hospital. It is stated his entire left side is paralyzed and his condition most grave. A consultation of several physicians has been called. It is feared there has been hemorrhage of the brain.

"THE THIRD HOUSE" HELD A BANQUET LAST EVENING

Employees Of The Senate And Assembly Met At A Banquet-In Madison.

[SPECIAL BY SCRIPTS-M'RAE.] Madison, Wis., April 28.—A revolution has taken place in the Wisconsin legislature. The name, "third house," time-honored or dishonored by being applied to the lobby, has been usurped by the body of legislative employees and the usurpation was dedicated last night by a banquet at the Capitol house. Nearly 100 employees under the charge of the sergeant-at-arms and chief clerks of either house sat down and relished a pretentious and well served menu, followed by postprandials that carried the occasion into the early hours of this morning. Mr. C. O. Marsh, chief clerk of the assembly, presided as toastmaster and martialed the speakers with appropriate and witty introductions that set the table in repeated roars. Mr. George P. Deanlin responded to the sentiment, "The Employees of the 'Lower House,'" and Mr. Leo K. Baion, "chief clerk thereof," acknowledged the compliments

SAD DROWNING OF A LITTLE BABY GIRL

Beatrice Robinson Drowned in a Water Tank on Her Father's Farm.

Shortly before noon today, Beatrice, the two and a half-year-old daughter of William Robinson, who lives in the town of Rock on the Willis Noyes farm, ran from the doorway of the Robinson home towards the barn full of life and enjoying the warm spring day. She was going to help her papa and finding him busy wandered towards the barnyard. A few minutes later Mr. Robinson, missing her, looked into the barnyard and was horrified to discover her lying at the bottom of a large water-tank. Medical aid was hastily summoned from Janesville and despite the efforts of Dr. Loomis the little spark of life had departed. There was but three feet of water in the tank and it is thought the little one fell in trying to float some chips.

SPARKS FROM THE WIRES

The department store of Ziesler Brothers at Elkhart, Ind., was robbed of silks valued at \$1,000. During a dispute about a girl at Newark, O., Harry Freiner shot and killed Thomas Osborne, aged 25 years. Ex-Governor Yates of Illinois is in Louisville conferring with Caleb Powers about his defense in the Goebel murder trial. On account of the trust lowering the price of stoves the Star Shovel and Range company of Vincennes, Ind., has closed down indefinitely, throwing 150 men out of employment.

The family of Samuel Reymer, who married Nellie Paris, a dancing girl and housemaid, announces that his wife has left him. The young husband is reported dying and penniless in an obscure Denver boarding-house. His wealthy father resides in Pittsburg. The grand duke of Mecklenburg-Schwerin has been attacked by smallpox. A dispatch from Bad Nauheim, Germany, says the condition of Secretary of State Hay is very good. Bishop D. N. M'VICARS WIN THE TWO BIG PRIZES

Janesville Well Represented at the Match at Darlington Yesterday.

Janesville "guns" carried off the palm and honors at the amateur target shooting tournament of the Darlington club and Will McVicar proved to be the best "gun" in the handicap contest for the Lefever hammerless shotgun, carrying off the first prize and the gun. "Jack" McVicar and his brother Will also carried off the Peters cup for teams of two men each. The special match for the target championship of southern Wisconsin, shot off between E. W. Voss of South Wayne and R. E. Orton of Darlington, resulted in a victory for Voss. He also won the Lefever Arms cup, the Peters high average medal being captured by Campbell of Monroe. A week from Friday the regular monthly shoot of the Janesville Gun club will be held on the club's grounds at fifty birds, the contestants to shoot at as many others afterward as they desire.

RUSSIAN FLEET IS ON THE MOVE

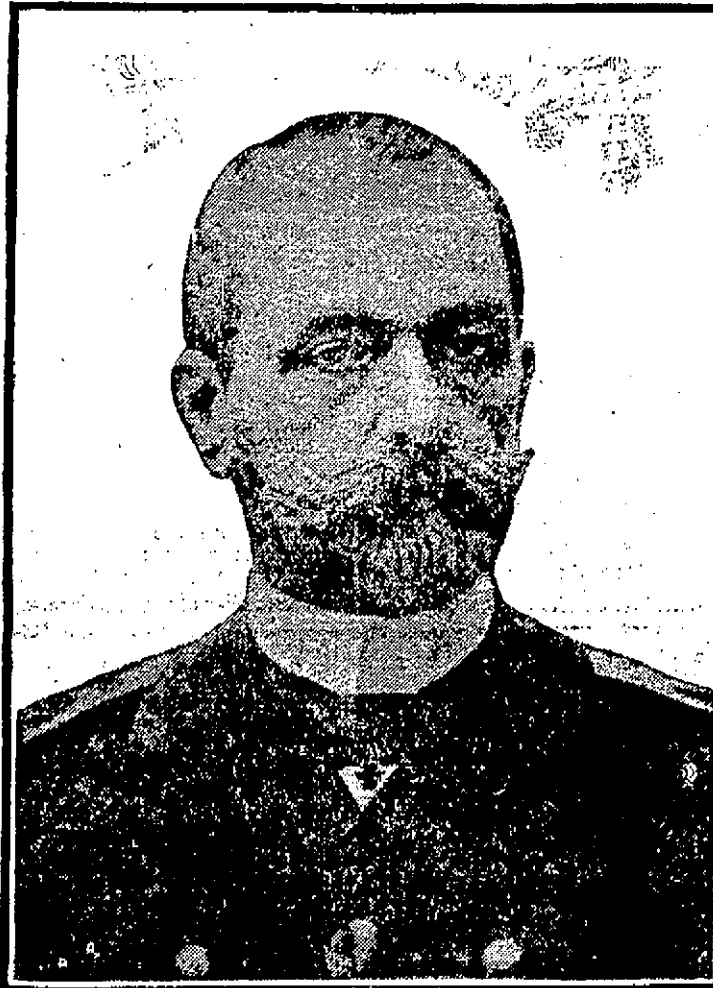

British Steamers Report Having Seen Two Divisions Sailing Towards Singapore.

CAPTURE SEVERAL TRADING BOATS

Little Prospect of Definite News Of a Naval Battle For Several Days Yet--Tokio Is Very Quiet.

[SPECIAL BY SCRIPTS-M'RAE.] Panang, Straits Settlements, April 28.—The British steamer Catherine Apar, just arrived, reports it passed two squadrons last night in the strait of Malacca, about sixty miles south of Penang. Eight vessels were in the first squadron and seven in the second. All were headed toward Singapore today. Capture Vessels London, April 28.—A dispatch to Lloyds from Calcutta says Rojstvensky has captured the British steamer

leged objective point. Every day he remains in the water reduces the speed of his ships, and hence their fighting power when in action. Awaits Political Action. It is not regarded as probable that he believes for one moment the Japanese navy will go 3,000 miles out of its way to meet him in the South China sea and so the belief is gaining ground here that the commander of the Baltic squadron has imperative orders from St. Petersburg not to sail north of the Taracelis Islands pending

Beatrice bound from Saigon to Japan with a cargo of rice. It is feared several other steamers carrying contraband have been captured.

Leaves the Bay Saigon, April 28.—The Russian squadron and transports sailed from Kamranh bay. The fleet is followed by four German colliers. The direction taken is not known.

Looks for Junction May 5. According to the calculations of the Russian naval staff, Vice Admiral Nebogatoff, who left Jibuti, French Somaliland, March 25, if he has been making 200 knots per day, could not unite his division with Admiral Rojstvensky's in Tonquin bay until May 5.

The general opinion in St. Petersburg is that their junction is assured on the theory that Admiral Togo would not dare to risk sailing south to meet Nebogatoff, since by so doing he would leave the way to Vladivostok open to Rojstvensky.

Tokio Is Calm. Tokio, April 28.—There is less excitement in this city about the Russian fleet than there is in Paris and in London, judging from the dispatches which come here from those cities. Competent members of the naval staff, including at least one admiral, are skeptical that Rojstvensky will attempt to make the Sea of Japan and fight the Japanese fleet. They point out that he has been now three weeks in the China sea, using up both coal and provisions, and making practically no progress toward his ob-

ject. It is regarded as certain here that he will be heard from in another neutral port, and probably in one which has no fleet that can enforce neutrality. The imperial navy department undoubtedly has a good line on his movements, but declines to make this public. The reticence of the imperial navy board continues, but nevertheless the opinion is practically official that the moment Rojstvensky's fleet sails northeast of the Paracelis Islands it will be attacked night and day on its journey to the Formosa straits.

Torpedo Boats Hound Bay. Kamranh Bay, April 28.—The only ships remaining in Kamranh bay are four German transports. All the rest of the transports and the Russian hospital ship Ortel and other vessels left behind by Admiral Rojstvensky have left the bay. This fleet is now assembled outside the bar and forms an extended line stretching from Cape Varella to the head of the Kamranh peninsula. Torpedo boats are scouting in all directions. The ships seem to be awaiting Vice Admiral Nebogatoff's division. The French cruiser, having on board Admiral de Jonqueres, the French commander in these waters, returned to Nhatrang, near Kamranh Bay, after steaming round the Russian squadron, and subsequently returned to Saigon.

TWO MORE RECRUITS FOR REGULAR ARMY

Two Applications Rejected—Officer Raguse Goes to Stoughton and Whitewater.

Two more applicants for the army were examined yesterday afternoon and assigned places to be stationed. George Koltz enlisted in the cavalry service and goes to Jefferson barracks, Missouri, and Emory V. Clackson, a student at the Valentine School of Telegraphy, entered the signal corps and is sent to Fort Meyer, near Washington, D. C. Two other applicants were rejected, one on account of defective eyesight and the other on account of a flat chest. James C. Martin who applied for

France into the signal corps was rejected on account of a mistake in his application papers, but will doubtless be passed next week and go to Fort Meyer. Recruiting Officer George Raguse left this morning for Stoughton and after spending the day there will go to Whitewater, returning to Janesville Monday. Mr. Raguse returned from Beloit Wednesday. Two men who reside there will be examined here next week some time. Rev. John D. S. Riggs, D. D., president of the Ottawa, Kan., university, was elected president of Shurtleff college, Alton, Ill., to succeed Rev. Stanley A. McKay, D. D., who resigned. At the one hundred and seventeenth annual meeting of the American Oriental society at Springfield, Mass., Professor David Gordon Lyon of Harvard read a paper on "Assyriological Notes."

NEW DISEASE OF STARTLING FORM

AUTOMOBILIOUSNESS THE LATEST FAD OF SOCIETY.

EPIDEMIC NEW TO THIS CITY

Just What It Really Is—How To Treat It—Possible Results—Not Dangerous

Janesville is sure to be fashionable and up-to-date. There is nothing doing in the way of high society acts that Janesville cannot have. In the society circles line it outshines all its competitors. Its "Pike" is still talked of all over the country. The history of Janesville would reveal that there have never been any epidemics or crazes of any nature that she has not shared in. When baseball was in flower, the best team in the whole United States, according to some authorities, was located in Janesville. When horse racing was in vogue, Janesville had the best horses in the country. When bicycles came into play, Janesville went bicycle crazy and in many an attic and loft remnants of this past glory are to be found. Janesville held a regular racing meet that many citizens have not forgotten. In fact, Janesville is up to snuff every time. When crack militia companies were the thing for every good and self-respecting city to have one, Janesville was at the fore front. From east to west the skill of the Janesville men was shown. Nor was it taking a back seat as regards a band and Janesville musicians were eagerly sought for. When circuses are talked of Janesville always can be found represented in some capacity. In fact, Janesville takes the back seat to none but rides on the wagon with the band.

Other Pets
Then Janesville had a golf club that flourished and still flourishes like a Green Bay apple. The city club indeed died by the wayside but that does not count. Automobiles came into vogue and Janesville citizens made haste to buy them. A club was organized for offensive and defensive purposes. The present spring sees many of these autos in use on our streets. The next craze, the airship will land Janesville in line, but just at present the auto holds sway. As Janesville has always been fore front in having everything that everybody else has it is to be expected that the newest disease, now in vogue, "Automobiliousness," will soon become prevalent. In so much as it is not so dangerous as "spotted fever" or "diphtheria" or "small pox" or even "measles" it will probably be quite fashionable here this summer. In order that all may understand the symptoms the following from the "Medical Visitor" is quoted so that no mistakes may be made.

Automobiliousness
Motor fever, or automobiliousness, is a disease which is becoming alarmingly prevalent, and which is already receiving much attention from scientists and careful investigators. As it is comparatively new in this country, scientific opinion has not yet crystallized as regards its real significance and its probable effect on the race. Abundant clinical material is at hand, however, and much may be learned, even now, by a thorough study of the disease and its phenomena.

The Etiology
Authorities disagree as to the etiology of motor fever, but the exciting cause is generally believed to be the diplococcus finchii, although some observers insist that the bacillus getherous is the chief causative factor. As the disease is never directly fatal, seldom resulting in anything worse than violent insanity in the patient, little opportunity for post-mortem investigation has as yet been afforded. It is supposed, however, that the cerebrum, which suffers the brunt of the attack, is overwhelmed by these micro-organisms, which multiply so rapidly as to seriously obstruct the wheels of that organ.

Of the Pathology
Of the pathology of this disease we also know little, but it is believed that there is a rapid hypertrophy of certain brain-cells, producing enlargement of the cranium, moral anaesthesia, and hypercousness of the whole nervous mechanism. Gobbs reports one patient, killed by an insane farmer, whose brain exhibited extensive coehymosis, but it is uncertain whether this was attributable to the disease or to the farmer's club.

The Symptoms
The symptoms are mainly those of intense mental excitement. The patient exhibits a morbid desire to annihilate time and space, regardless of the consequences. His general condition is vividly, if not elegantly, described by the slangy expression

HARD TO BELIEVE.

Story That Will Interest Smokers, Told as Though It Were True

A well-known farmer, says an eastern exchange, fed his horse by mistake a quantity of poultry food, and the mistake was not noticed until the horse had scratched up half the garden and showed signs of wanting to set.

While this sounds a little improbable, yet one of the clerks at Smith's Drug Store tells a story akin to it. They have recently secured the agency for Wadsworth Bros.' Chiclos, a cigar that sells for 5c, but it is the equal in quality of any 10c cigar, and in fact is preferred by many smokers. They induced one of their customers who had never smoked anything but an ordinary 5c cigar to try a Chiclo, with the result that he now wants high grade goods in all lines.

Don't buy a Wadsworth Bros.' Chiclo because it is cheap; but it is because it is good, because it is a clear high Havana filler, because it has a delightful aroma, because it's the best cigar you can get for solid enjoyment, and there is a satisfaction in feeling that you are getting all this for a nickel.

"chesty." He becomes impatient, autocratic, unreasonable, and acquires a strong aversion to officers of the law. Anorexia and insomnia sometimes develop in the later stages of the malady, hallucinations supervene, and the patient exhibits strange tastes, such for example, as preferring the odor of gasoline to that of the well-known mephitis mephitis. The disease is slowly progressive, and in time the patient becomes a pitiable nervous wreck.

Not Difficult
Diagnosis is not difficult, as a rule, although motor fever has been mistaken for mania a potu. In the latter disease, however, it is snakes that the patient sees about him, and feels that he must kill, while in motor fever it is usually women and children, though sometimes dogs and small babies only. Snoopers has mentioned a peculiar cold glitter to the eye that he has found "pathognomonic" but other observers have not confirmed this. An expression of countenance verging on the satanic has been noted in the later stages, but this is usually lacking in recent victims.

The Prognosis
The prognosis, unfortunately, is bad. It is doubted whether a patient who has the disease in its worst form ever recovers. Occasionally a severe shock, such as might occur from a broken limb or a broken neck, produces a temporary amelioration of the symptoms, but they usually return at a later period, in a more violent form than ever.

The treatment of motor fever, as it stands today, is irrelevant and chaotic. There are some in every community who argue in favor of the shotgun or the axe. As a prophylactic measure this may at times benefit the people at large, for there is no doubt that this line of treatment is something of a deterrent, but there is no evidence to show that it has ever shown particularly satisfactory results to the patient. It is the duty of the medical profession to discourage these heroic measures, for the disease is quite prevalent among doctors, and good men are already sufficiently scarce. A reputation and a fortune await him who discovers a remedy for motor fever—something that will do the work with neatness and dispatch, without endangering the life of the victim or jeopardizing the hereafter of the rest of the community.

GYMNASIUM CLASS PLEASED AUDIENCE

Young Ladies of High School, Under Miss Fletcher's Direction, Give Exhibition.

It was with surprise and pleasure that an audience of more than two hundred persons witnessed the open lesson of the girls' gymnasium class of the high school building last evening. The various exercises were performed with the precision and regularity of army movements but did not lack in grace and ease. The straight-arm exercise and dumb-bell drill showed much training and practice, while with the wands and in the developing and controlling exercises play was given to the more graceful movements of the body. The march steps, the last portion of the program, were probably more pleasing to the audience than any other. The work of the class reflects much credit upon Miss Fletcher, who organized it and has complete charge of the work. Music for the lesson last evening was very ably furnished by Miss Florence Spellman, who is pianist for the class.

ANNUAL BANQUET OF RUSK LYCEUM BOYS

Now Being Arranged—Waukesha-Janesville Debate Has Been Postponed.

Plans for the annual banquet of the Rusk Lyceum of the high school are now taking shape and a committee is at work on the settlement of a date and the arrangement of the supper and post-prandial program. The first will in all probability be the date selected for the occasion and it has been definitely decided to enforce the rule which was made two years ago and reaffirmed last year of "No stage allowed." The event marks the close of a year's literary work among the members of the society and the finale of a series of social meetings and may be the time of due celebration of a victory over Waukesha in an interscholastic debate. The committee in charge of the banquet is composed of the regular standing or program committee of the club and two elected members as follows: Clayton Fisher, Robert Jensen, Fred Jensen, Orville Swift, Kenneth Jeffris and Floyd Davis.

Waukesha Debate Postponed
The debate between teams representing the local high school and Waukesha institution has been postponed from this Friday evening, until May 12 and a further postponement may be necessary. This was done at the request of the Janesville speakers on account of the sickness of Harvey Bailey, the leader of the team. Mr. Bailey is one of the strongest members of the trio and his present illness, threatening to result in nervous collapse, may be the downfall of the Janesville team. The other members of the team are Paul Porter and Orville Swift and the subject of discussion concerns the merits of the open shop policy, which is supported by the local side. The Waukesha debaters are Chester Griswold, Robert Montgomery and Dexter Witte.

INTERCLASS TRACK MEET TO BE HELD MAY SIXTH

Members of the high school track meets which Janesville will participate in their special track or field events and the first meet of the season will be an interclass gathering May 6. Each class of the school will undoubtedly enter a team and the competition among the individuals not only but also between the classes will be sharp. The other meets which Janesville will participate in are the county meet at Janesville, the district event at Whitewater and the State Intercollegiate at Madison.

LARGE ATTENDANCE AT EDGERTON MEET

Many Present at the Gathering of Women's Clubs—Rev. Denison Lectured Last Evening.

Edgerton, April 28.—The M. E. church was filled to its capacity all day Thursday by those in attendance at the third annual convention of the First District Federation of Women's Clubs. The early trains brought many from out of town here in time for the opening session at 9:30 a. m. The afternoon session commenced at 2 o'clock and the evening musical program and an address by Rev. Robert Denison of Janesville closed the most interesting and instructive day. Dinner and supper were served in the church to visiting delegates and club members. The work accomplished by the individual clubs in different places has been great and through the federation whose delegates and members met here Thursday much good may be wrought out along the lines of higher social ideals, better schools and municipal improvement.

Three-minute reports from the clubs were heard, showing the women's clubs to be in a flourishing condition in Wisconsin, notwithstanding the adverse criticism of Grover Cleveland.

"What is the responsibility of the individual in club life," was the subject of a five-minute talk by Mrs. Ada P. Kimberley of Janesville. "Methods of raising money for the work of the committees," was treated by Mrs. D. B. Emerson of Beloit, and "The art of serving" by Mrs. Sylvia Colony of Evansville. All the old officers were re-elected, as follows:

President—Mrs. J. N. Humphrey, Whitewater.
First vice-president—Mrs. A. N. Bort, Beloit.
Second vice-president—Mrs. May Evans, Evansville.
Recording secretary—Mrs. C. E. Tarrant, Janesville.
Corresponding secretary—Miss Ella Hamilton, Whitewater.
Treasurer—Mrs. Helen S. Barle, Edgerton.

Auditor—Mrs. J. L. Cole, Racine. Dinner was served in the church parlors, after an hour devoted to viewing places of interest about town, the afternoon session was opened with a good solo, "Wind in the Trees," by Mrs. W. E. Murt of this city, and an address by Mrs. E. P. Sawyer of Oshkosh, president of the State Federation of Women's clubs. "The Ideal in Dress" was the subject of an address given by Mrs. T. Foote of Des Moines, Iowa, which was followed by an address by Mrs. Pauline Jacobs of Edgerton, upon "Potter as an Art."

The constitutional amendment proposed to increase the number of members of the executive board from seven to fifteen, was laid upon the table. The evening session opened with a half hour concert by the Edgerton Mandolin club, followed by solos by Mr. C. W. Raymond, Miss Louise Burdick and Mr. Freeman Lyon, and a violin solo by Miss Lucille Cullen. The Rev. Robert C. Denison delivered an address on "Modern Chivalry." Miss Edith Malpress gave a soprano selection, and Mr. Frank Burdick closed the evening session with a tenor solo. The special train returning left for Janesville and other points at 11 p. m.

CATARRHAL TROUBLES PREVALENT.
Spring Months Cause Catarrh. Breathe Hyomei, and Be Cured. Catarrhal troubles are more common at this season than at any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient, and only scientific treatment for the treatment and cure of catarrh, is Hyomei. Simply put twenty drops in the little pocket inhaler that comes with every outfit, and then breathe it for three minutes four times a day.

The complete Hyomei outfit costs but one dollar, and as the inhaler will last a lifetime and there is sufficient Hyomei for several weeks' treatment, it is the most economical catarrhal remedy known. Extra bottles can be procured for fifty cents. Ask the Peoples' Drug Company to show you the strong guarantee under which they sell Hyomei.

NO POLITICS IN SCHOOL BOARD

REPUBLICANS HAVE AN OVERWHELMING MAJORITY.

DEMOCRAT ELECTED HEAD

Superintendent of Schools, Not Politicians, Now Make Selection of Teachers.

At last the management of the Janesville public schools seems to have been taken out of politics entirely. The results of the recent election and the actions of the new board show that parties now have little power in settling problems of educating the younger generation of the city.

Mrs. Day's Success
The choosing of Mrs. Day to the school commission is the third ward placed the first woman member of the board of education in office. Never before have any but men had a voice in the regulations of the school system. Besides this, Mrs. Day is probably the first candidate for school commissioner to succeed in the third ward over a republican nominee and in the campaign she ran independent of any established political party.

The Board President
The new school board is made up of five republicans, one democrat and one independent. This state of composition would have made it possible for an imperial republican rule if partisan politics controlled the actions of the members, but at the first meeting, James M. Thayer, from the fifth ward, the only democrat, was chosen president. Mr. Thayer in speaking of his election says that at first he appreciated the honor bestowed upon him but not until it was pointed out to him by friends did he recognize the real significance of his election.

Choosing Teachers
In former years there have been teachers appointed not because of their personal training and ability as an instructor, but by means of their political pull. Some who have taught in the public schools have received their appointment through influential relatives and friends and the placing of one instructor upon the teaching force of the school was largely the cause of the resignation of one of Janesville's superintendents.

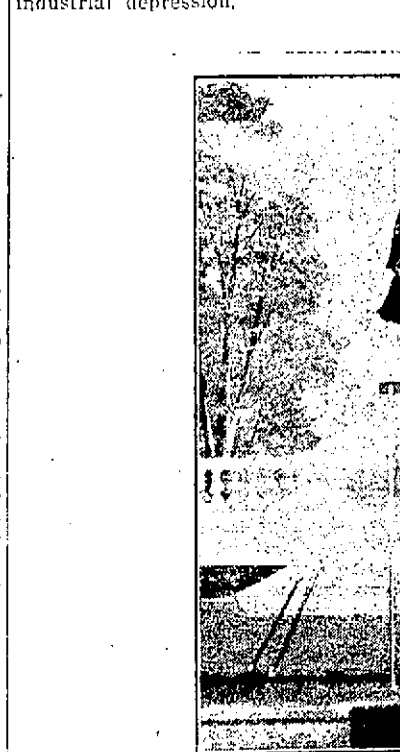

Change Made
Of late years this has not been true and the selection of teachers has been made only upon the approval of the superintendent, it being the policy of the board to give due weight to the opinions of the superintendent who comes in contact with the teachers and their work and is probably as competent if not more than any member of the board to judge their ability. The present board is composed largely of members who have served during the last few years and the course pursued in the selection of teachers by the last few boards will undoubtedly be followed by the new.

Rule Reaffirmed
The following rule, designed to aid in the elimination of politics from the selection of instructors, was reaffirmed at the meeting of the board Monday night. "No application will be considered by the Board of Education unless that same is accompanied by a certificate signed by the Superintendent of Schools, and also by a statement from him to the Board, in writing, clearly setting forth the merits of the applicant for a position as teacher, which the examination does not make certain."

JUNIORS PLANNING HARD TIME SOCIAL

High School Students Abandon Banquet and Picnic Ideas for "Beggars' Feast."

Several weeks ago it was decided by the Junior class of the high school to have some sort of a celebration in the form of a banquet or picnic and a committee was appointed to submit plans for such to the class. The result is that the class will enjoy a hard times social at the high school building some Friday or Saturday evening in the near future, probably Saturday, May 6. Those who attend will come attired in tatters and rags and the whole affair will savor of life during a period of industrial depression.

WISCONSIN TAKES THE LEAD IN WEST

Farmers Rejoice Over Living in the Good Old Badger State—A Few Comparisons.

The prosperity of Wisconsin farmers is shown in the year book recently sent out by the department of agriculture and the figures ought to make Wisconsin farmers think good and hard before they decide to pull up stakes and go somewhere else seeking for better conditions than they find at home.

Interesting Comparison.
An interesting comparison in the year book is made between Wisconsin, Illinois, Minnesota, Iowa, Missouri, Kansas, Nebraska and North and South Dakota, from which it appears that the average yield of wheat in Wisconsin has been nearly two bushels more per acre during these ten years than in either of the states mentioned, and Illinois is the state that shows a greater yield of corn.

Wisconsin the Leader.
Wisconsin leads them all in oats and barley; Illinois, Minnesota and Iowa are the only three which exceed Wisconsin's average yield in rye. Wisconsin leads in buckwheat and potatoes and only four of the states exceed her per acre production of hay.

Average Income High.
The average income in dollars and cents per acre for ten years in the states named, shows that Wisconsin received more per acre for her wheat, corn, oats, barley and hay than any of the others. Illinois, Minnesota and Iowa obtained a small fraction per acre more for rye than Wisconsin; Kansas and North Dakota obtain a greater average income per acre for potatoes than Wisconsin, but Wisconsin received a greater average income per acre than any of the other states named and her average production exceeds the general average of the states in this group in both quantity and value of all the products on which the figures are given.

Some Telling Figures.
The excess of income per acre from Wisconsin farm lands during the ten year period over the states in this group shows that Wisconsin averages:
\$1.53 per acre better than North Dakota.
\$2.68 per acre better than South Dakota.
\$2.12 per acre better than Nebraska.
\$1.33 per acre better than Kansas.
\$0.58 per acre better than Missouri.
\$0.58 per acre better than Minnesota.

Should be Good Enough.

Wisconsin also leads all the states in the production of butter, cheese and dairy products alone having brought to Wisconsin farmers nearly \$50,000,000 in 1902 and probably more than \$50,000,000 in 1904. Wisconsin has more money per capita, more people owning their homes free from incumbrances, less farm mortgages and less pauperism than any state in the above group. Wisconsin ought to be good enough.—Portage Register.

ROCKFORD BOWLERS PLANNING AN INTERSTATE TOURNAMENT

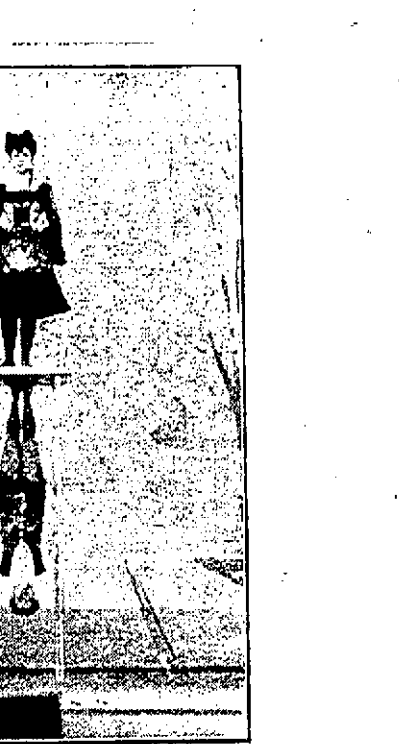

Expects to Interest Janesville, Beloit, Freeport, Belvidere and Other Cities in Move.

Rockford bowlers are considering a project of holding an interstate tournament extending over a period of a week in that city. Janesville, Beloit, Belvidere, Freeport, Elgin, Aurora and other cities are counted upon to furnish ten five-men teams and numerous two-men teams and singles. It is a part of the plan to charge a \$1 entrance fee for each man in each event, the sum thus collected being used for prize money.

A CLEVER ACT FOR THE PRESENT WEEK

Among the clever acts which are being given nightly at the West Side theatre this week is the skit of Con-

BASEBALL TEAM TO REPRESENT CITY

Arrange Game at Yost Park for Sunday—J. J. Ruhland Captain; T. Larson Manager.

Though Janesville failed to raise money enough to organize a baseball team to play in the Wisconsin State league this year, she will be ably represented on the diamond. A nine is now being formed to play at Yost park and games equally good as those fought at the same place last season will be contested during the coming summer. The team will be practically the same as the one that existed last year with so much success, but under a different management.

Captain and Manager
J. J. Ruhland, a member of the former nine, will be field captain, picking the team and directing the game, and T. Larson will be business manager, arranging and scheduling games and taking charge of the business end. Nearly all of the old players from out of the city have been written to and very probably will be delighted to play again this year.

To Play Sunday
Sunday a game will be played at Yost's park between the Bower city nine and the Drexels of Rockford. The local team has not yet been picked and only individual practice has been indulged in. Hinkley, of the Milton Crescents, who demonstrated his ability as a twister last year, will doubtless pitch for the team in the game Sunday.

Notice of Meeting
Notice is hereby given that a meeting of The Janesville Chautauqua association, for organization and election of officers and for the consideration of such business as may regularly come before it will be held at the Myers house in the city of Janesville, Rock county, Wisconsin, on the 5th day of May, 1905, at 7:30 o'clock, p. m.

BRYAN AND DUNNE.

W. J. Bryan of Nebraska and May-
or Dunne of Chicago are in accord,
not only on the question of munici-
pal ownership, but of government
ownership and control of all public
utilities. These two leaders repre-
sent the dominant sentiment of the
democratic party today.

The south is practically a unit in
endorsing them, and a large consti-
tency in the north cheer them to the
echo.

His doctrine in practice is social-
ism, pure and simple, and it is as
foreign to all conservative democra-
tic principles, as is the doctrine of
free silver and a dishonest dollar.

The republican party is also badly
tinctured with this same dangerous
doctrine, and under the guise of re-
form many states are paving the way
for trouble. The issue in the next
national campaign will not be free
trade or free silver. It will be more
significant than either, for the ques-
tion of whether or not the nation is
capable of self-government will com-
mand attention.

The Macon Telegram, one of the
best papers published in the south,
gives a note of warning to the dem-
ocratic party, which is worth con-
sidering by voters generally. Irre-
spective of party. In speaking of the
Dunne-Bryan program, the paper says:

"Have we reached the point in our
national life where it is desirable, or
safe, to turn business enterprises
over to government control? If the
affirmative is true, then we have
passed away from the republican
form of government which was the
pride of our fathers and the glory of
our own existence—from a freedom
of individual action and a field of
personal endeavor which made us
the happiest and the best governed
people in the world. Because Mayor
Dunne won an election in Chicago
on this issue, where there are more
naturalized foreigners than American
born citizens, and where nestles the
particular hotbed of socialism in this
country, too many Democratic news-
papers, evidently without investiga-
tion, have jumped at the thought
that there is an issue 'to win on.'
May Heaven save the democratic party
when it reaches that point in its
history where it seeks issues solely
'to win on' and without regard to
its record of one hundred years—a
record devoted to individual liberty,
the right to labor and do business
unmolested, and opposition to
'sumptuary laws which vex the citi-
zen.'"

BUSINESS STABILITY.

It is gratifying to note that the
business of the country was never on
a more sound and stable basis, than
it is today. Failures, as the result of
dishonesty are so rare that they com-
mand but little attention, and the
times are so prosperous that incom-
petent men in business seldom suc-
ceed in making mistakes enough to
produce failure.

The city of Milwaukee has furnis-
hed to the world, during the past few
days, an object lesson which is full
of significance. It speaks not only
of conservative common sense, but
it is a complete volume on the value
of confidence as the largest asset in
the business world.

A defalcation of a million and a
half came like a thunderbolt from a
clear sky. It startled the financial
world from center to circumference,
and in the city where it occurred, peo-
ple were dazed and slow to believe
that a man in whom they placed im-
plicit trust, had proved recreant.
Then panic followed and for hours
the old bank, whose strength had
never been questioned, was besieged
by an excited throng. Money was
paid out freely and all demands met,
while during the most exciting hours
receiving tellers were kept busy in
handling the \$700,000 deposited by
business men whose confidence in
the old institution was unshaken.

The First National Bank of Mil-
waukee did not fail, because back of
it was a board of directors who im-
mediately made good the loss, and
because it was surrounded with a
constituency whose confidence could
not be disturbed.

Janesville should help celebrate
the Fourth by all means. Keep the
money at home and bring other mon-
ey into the city. Even if you do not
keep open yourself you should not
oppose the idea for money brought
into the city fills the coffers of ev-
eryone.

The senate might better have taken
the bull by the horns and expelled
Senator Eaton. His district is left

without representation which is hard-
ly fair to his constituency.

Now is the time to prepare for the
Fourth of July so that at the last
minute the work does not devolve
on a few.

No one has yet picked a dish of
strawberries for their supper table.
Janesville is to be visited by a
circus this season after all.

Janesville has no base ball team
this year but it can read of the other
town that have.

Spring has come and then again
it has not.

DULY CELEBRATED
ARBOR DAY HERE

Special Exercises in All the Schools—
Students Enjoy Half
Holiday.

Arbor and Bird day exercises were
held in all the public graded schools
this morning and in the high school
a short address on the meaning and
the fitness of the day was given by
Superintendent Buell. School was
not in session this afternoon and the
students variously enjoyed the half
holiday. Many parties of children
and young people went into the coun-
try and through the woods seeking
wild flowers or on fishing expeditions.
Trees were planted by some and others
spent the short vacation in plot-
ting flower and small vegetable gar-
dens at their homes. The school-
yards of the city are now being
cleaned and planted and before the
close of the school-year they will pre-
sent a beautiful appearance. Flower
gardens have been planned and
shrubs and vines placed in the
grounds. The beautification of the
yards is rewarded by the banner for
the school and cash prizes for the
janitors, which are offered by the
Twilight club. Today was the official
day for the planting of these gardens.

building last evening officers and a
board of managers were chosen for
the ensuing year. Besides the mem-
bers of the department who took
part in the after-dinner program, F.
O. Liezer of Madison, who was large-
ly instrumental in raising the money
for the new Y. M. C. A. building to
be erected in the Capital city; Sec-
retary J. C. Kline, F. F. Lewis, pres-
ident of the Y. M. C. A. here, and J.
A. Ward, who takes charge of the
junior department, spoke. Thirty-
eight were present on the occasion.
The officers were
chosen as follows: President—
Roger Cunningham, vice-presi-
dent—Stewart Richards, secretary—

PROMOTION FOR THOS. ERICKSON

GENERAL FOREMAN OF NORTH-WESTERN ROAD TO LEAVE.

HEADQUARTERS AT ASHLAND

Has Been Made General Foreman of Locomotive Department of Ashland Division.

Thomas Erickson, general foreman of the locomotive department of the Chicago & North-Western railroad in this city, has been promoted and his headquarters in the future will be at Ashland on the Ashland division of the same road. His new position is that of general foreman of the locomotive department of the Ashland division and means not only a high honor in the way of recognition of his services to the road, but also an increase in salary and responsibility. He will have charge of three roundhouses, those of Ashland, Ironwood and Hurley, and will practically be at the head of the motive power department of the road handling the ore of northern Wisconsin, having charge of the division from Antigo to Ashland.

Zickler Coming Here
Mr. Peterson, whom Mr. Erickson succeeds at Ashland, has been made assistant master mechanic of the northern Wisconsin division of the road, and will make his headquarters at Fond du Lac. This position has just been created and Mr. Peterson is the first to hold it.

E. H. Zickler of Chicago, roundhouse foreman at Fortieth street, will take the place of division foreman here made vacant by the promotion of Mr. Erickson.

For Twenty-Six Years
Mr. Erickson has been in the employ of the company for the past twenty-six years and working his way up from machinist's apprentice has now reached a high plane in the service of the company and is most deserving of the present promotion. Mr. Erickson's entrance into railroad work was in the machine shops at Escanaba, Michigan, on the Peninsula division of the road. He has several times served as a machinist in different shops of the company and at one time fired on the road for two years.

Five Years in Janesville
Five years ago he assumed his present position in Janesville and has faithfully and most efficiently discharged his duties. During his term of office in Janesville the amount of work done in the shops has increased and his administration has been very satisfactory to the railroad company and to the men. His departure will be felt among the employees of the road here, with whom he was very popular and universally liked.

Previous to coming to Janesville, Mr. Erickson was general foreman for three years at Baraboo and before that, foreman in the machine shops at Kaukauna.

To Ashland Monday
Mr. Erickson leaves Monday for Ashland to assume his new duties there and though he dislikes greatly to remove from Janesville it will be necessary to settle in Ashland. His family nevertheless will remain here a few months.

LOCAL MEN FEEL CHICAGO STRIKE

Shipments Due Here Today Could Not Be Handled by the Express Companies.

Janesville merchants who were expecting shipments from Chicago today learned at the offices of the express companies that no consignments from that direction had been received or were likely to be received for several days on account of the big strike of the teamsters. One tailoring establishment and a music-store were seriously discommoded by this new order of things and were unable to fill important orders, necessitating detailed explanation to their customers, and there are doubtless a number of others who are similarly involved. Shipments from the east are being taken over the belt-line south of Chicago by the express companies and escape thereby the blockade in the city. Concerns doing business within its limits, however, are effectually cut off from their outside customers.

OBITUARY NEWS

Mrs. Jane Slawson
Mrs. Jane Slawson passed away at six o'clock last evening at the home of her son, William Slawson, 55 Fourth avenue. Yesterday was her sixty-sixth birthday anniversary. Her original home was in the state of Vermont, from whence she came to Wisconsin while a little girl. For the past eighteen years Mrs. Slawson had made Janesville her home and lived a noble, helpful life devoted largely to the well-being and happiness of others. Her husband died sixteen years ago. Five children survive the mother. They are Mrs. J. F. Turnbull, Mrs. D. W. Longstaff, Mrs. George Jones, W. E. Slawson, and H. W. Slawson. The funeral services will be held from the home on Fourth avenue Saturday afternoon at two o'clock.

Aaron Hollister
Aaron P. Hollister, one of the pioneers of the town of Beloit, passed away Wednesday evening at his home, Liberty street, Beloit, after an illness of about two months, resulting from the infirmities of old age. He was eighty-two years of age and his death occurred on his birthday. He was born April 26, 1822, and died April 26, 1905. William H. Hollister is a son of the deceased.

Christian Science Lecture
Next Tuesday evening W. D. McCracken of New York will lecture at the Myers theatre on "Christian Science." He is said to be a very interesting and convincing speaker. No admission is charged and no collection is taken.

DISPUTE OVER LAND IN GREEN COUNTY

Edward Ryan is Plaintiff in Case Against Joseph Hanlon of Brooklyn.

A case wherein Edward Ryan of this city as plaintiff and Joseph Hanlon of Brooklyn, defendant, was tried yesterday at the courthouse in Monroe. Judge Belding of Racine county presided. Attorney M. J. Gillen of Monroe and Edward Peterson of Janesville appeared for the plaintiff and C. W. Wright and Judge Beecher of Monroe for the defendant. The case was over a piece of land in Brooklyn township which was sold in 1900 and at the time of the sale there was a judgment against the property that had not been satisfied. The case presented many complications and most of the day was taken up in taking testimony of witnesses. The case first came up in the courts of Green county and last fall was taken to Racine county on change of venue. The judge heard part of the testimony at Monroe, making it more convenient for a majority of the witnesses and others connected who reside in Green county. The lawyers made short arguments yesterday afternoon, outlining the principal points in dispute. Further arguments will be made either by brief or by the lawyers before the court at Racine.

DRAFTING AN ANTI-SPITTING MEASURE

Alderman Connell Seeks to Have Ordinance Passed by Council That Will Keep Sidewalks Tidy.

Promiscuous expectoration on the sidewalks of Janesville will be prohibited at an early date if an ordinance now being drafted by Alderman Edward H. Connell of the second ward is passed by the city council. The author of the measure proposes to follow the general lines of the regulation now in force in Rockford which requires the posting of warning signs on the telephone poles and is aimed to punish only those offenders who commit the misdemeanor within a certain prescribed distance of the signs. The area over which the ordinance is to be in effect is to be limited to certain portions of the business streets. The fine for the first offense will probably be fixed at from \$1 to \$2 with a graduated increase for succeeding infractions of the law by the same person. Provisions for the punishment of those who throw waste-paper and other refuse on the walks and streets may also be incorporated in the measure. Several neighboring cities have adopted ordinances of the kind and in some, notably Milwaukee and Rockford, they are said to be rigidly enforced. The argument for keeping the walks that are continually swept by the garments of women is as tidy a condition as possible is an unanswerable one.

The World's Best Histories form the best universal history on the market, because, (1) they cover more ground than others, (2) they are more scholarly and hence more authoritative than others, (3) they are brought more nearly up-to-date than others, (4) their literary quality is highest, (5) the story of each nation is complete in itself. The bookbuyer should seize this opportunity.

ATTY UDELL MAY CROSS THE SEA

On a Vacation Trip with the \$200 Velvet He Acquired in Famous Horse Game.

"No, I am not expecting any new callers for that \$200 which came to me in the horse deal," said Atty. C. E. Udell of Beloit, who was a Janesville visitor this morning. "I may decide to take a little vacation trip to Europe with this extra spending money," he added with a smile. Before cashing the check which E. T. Atwood of Evansville had made payable to him in settlement of the claims of one Robert Walker arising out of a decrepit but mythical horse, Mr. Udell informed the bank of Evansville by telephone that he had cashed this outstanding check against it. This was late in the forenoon of the 16th, the same day that Lawyers E. D. McGowan of this city and C. D. Rosa of Beloit took their record-breaking cross country spin. Mr. McGowan had also informed the bank by telephone of the check made out to him which had been cashed in Janesville and the officials refused to allow "Mr. Atwood" to draw \$400 of his \$450 balance. Hence, as it turned out, both checks were good and Mr. Udell who was keeping the cash for his client Walker will doubtless continue to keep it and the man who tried to work the smooth game will hardly have the temerity to put in an appearance and claim it. Nothing further has been heard from the swindler since the man purporting to be a Chicago attorney called on Mr. Udell last week and tried to explain that it was all a joke and get the cash.

SUN WILL SHINE TWO DAYS LONGER

Fair Weather Promised for Today and Saturday by the Weather Man.

Washington.—The barometer continues low in all parts of the country, and the conditions are more or less unsettled. A shallow depression overlies Minnesota. Light rains have fallen in the middle states; elsewhere the weather has been fair. The temperature changes have been unimportant. Generally fair weather is indicated for Friday and Saturday, except occasional showers and thunderstorms are probable in the lower Missouri and the middle and upper portions of the Mississippi valley. The winds on the lower lakes will be light and variable, and on the upper lakes fresh southerly. Forecast for Friday and Saturday: Wisconsin and Minnesota—Showers and thunderstorms Friday and Saturday; fresh southerly, shifting to westerly winds.

ROCHELLE SENT VISITORS TO ST. MARY'S CHURCH BAZAAR

Mayor Stocking and Party of Five Here This Week—Large Crowds Are Attending.

Among the visitors at St. Mary's church bazaar this week was one party from Rochelle consisting of Mayor G. E. Stocking, D. W. Baxter, G. Hamilton, G. W. Dicus, C. Gardner, and G. Belknap. Rev. J. Buckley of Delavan was also a visitor last evening and spent the day in Janesville. The musical members of the Copeland Singing society last evening were well received and there was a large crowd present at Assembly hall.

Notice

The board of fire and police commissioners will meet at their office at the city hall, Saturday, April 29, at seven (7) o'clock p. m. for the purpose of examining applicants for positions in the fire and police departments of the city of Janesville. Those desiring to take the examination may procure the necessary blanks from H. C. Klein, chief engineer, or John J. Comstock, city marshal.

THOS. S. NOLAN, President.
PETER J. MOUAT, Secretary.

Murphy-Harvey
Miss Alvina L. Murphy of Brodhead and Edgar Harvey of Lincoln, Nebraska, were married at eleven o'clock this morning at the Central Methodist church parsonage by Rev. J. H. Tippet. Mr. James Plantz and Mrs. J. H. Tippet were the only witnesses.

Barnes-Barnes
Rev. Tippet last evening at nine o'clock united in marriage Lulu M. Barnes and Miles Barnes at the residence of Mr. Barnes, 15 Linden avenue. Mr. and Mrs. Lyman Whaley were the witnesses to the ceremony, which was strictly private.

SIDE TALKS

BY "OUR OFFICE BOY."

I was out to the church fair the other night; had on my new Onion-skin brown Derby. It's the strongest seller this spring. I expect that's the reason they call it Onion skin. Of course, it goes without saying Ford hats skin any — but what's the use blowing about them, everybody knows they're the clear stuff. We've got in a lot of new Brown thins, Brown vests, Brown ties, Brown socks and Brown suitings. I told the Manager we ought to wrap everything in Brown paper, but he said we wasn't running a vegetable stand just because we sold Onion-colored goods. Wouldn't that stretch your belt strap?

Mrs. M. R. Osborn Entertained at Charming Luncheon — Misses McDonald Give a Card Party.

Mrs. M. R. Osborn entertained at a luncheon at her home on Court street yesterday afternoon. It was served in live decorated with Easter lilies and table being decorated with Easter lilies and cut flowers. Six handed chairs occupied the attention of the guests at the conclusion of the luncheon and the highest proficiency was shown by Mrs. T. W. Goldin to whom the prize was awarded.

Played Progressive Cinch
Twenty-five guests participated in a progressive cinch party given by the Misses Mand and Helen McDonald in honor of their cousin, A. L. McDonald of Detroit, and Miss Nellie Foote of Milwaukee, at the home on East Milwaukee street last evening. The first prizes were awarded Miss Gladys Nicholson and Ray Ludden and the consolation to Richard Griffith and A. L. McDonald. The card playing was followed by a musical program and the serving of a tempting repast.

\$15,000 PAINTING IN ART EXHIBIT

Which Will Be Opened Under Art League Auspices at Library Hall Next Week—Rare Collection.

The Art league has again secured W. Scott Thorburn of Chicago who will be found in the Eldred art-room of the city library next week with a very large and elegant exhibit of original paintings—the best collection that has ever been brought to Janesville. Among them is a canvas valued at \$15,000 by Constant Troyon, one of the best artists of the Dutch school. Blonnières will be represented by a picture worth \$2,500; Ter-Mentla by one valued at \$450; Leroelle of the French school by one valued at \$800; Svend Svendsen of the Norwegian school by a characteristic scene that is held at \$750; and Burton Jones by a painting entitled "Glimpses of Spring" which has called forth very favorable comment from the critics.

WAS TRANSACTION OF MUCH INTEREST

Sale of a Bottle of Whisky to Walter Clinton in Clinton. Has Entailed Two Criminal Actions.

Inexorable Clinton is determined to let no possible transgressor of the liquor laws escape. Having effected the punishment with a heavy fine of Walter Gilbert for buying a bottle of whiskey for two minors, it now commences the prosecution of William Lenz, the bar-keeper, who is charged with selling that identical bottle on the Sabbath day. The case was set for trial in municipal court this morning but Atty. W. G. Wheeler for the defendant secured an adjournment to Monday, May 8. Mr. Lenz who is landlord of a hotel in Clinton formerly ran the Ottoman house in this city.

SEVERAL HUNDRED SEE CATTLE KILLED

State Veterinarian Roberts His Busy with Tuberculosis Cattle at Strong Farm.

Between two and three hundred persons are at the W. B. Strong farm north of Beloit today, witnessing the post mortem examination of twenty-six head of cattle which were suffering from tuberculosis. State Veterinarian Roberts and Veterinarians Rhodes and Patterson of Beloit and Prof. Russell, the state chemist, are in attendance. This morning thirteen head were killed and found to be badly affected with the disease. Thirteen more were killed this afternoon, the remainder of the herd being shipped to Milwaukee, where they will be killed under government inspection by the Wisconsin livestock sanitary board. This is the herd where fifty-seven out of a herd of seventy were found to be affected with the disease.

SHOPIERE

Shopiere, April 27.—Patriots Attention! Citizens of Shopiere and vicinity.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very effective, and often prescribed it in my practice for female difficulties. My oldest daughter found it very beneficial for uterine troubles some time ago, and my youngest daughter is now taking it for a weak stomach, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular menstruation, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, at Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

city: A meeting was called on Wednesday evening last to arrange for memorial day, but owing to the seemingly lack of interest by the non-attendance and co-operation of the people, it was thought best to allow the day to pass without the usual Decoration exercise. Hence this call to duty. Shall we allow the children of the brave veterans who fell on the bloody fields of the south, to see and know that we are about to slay our duty toward those men who gave all for the love of their country? Shall we allow the few remaining boys in blue to think that our patriotism is waning and they too look like the others gone before will soon be forgotten. No. Never. But by our commemoration of the day may we show our interest and sympathy, to the cause we love, and loyalty to country as citizens. Also by our strict adherence to duty encourage the few remaining survivors, that they may know that when they are gone that they with the rest will not be forgotten, but as years come and go loving hands will continue to scatter the flowers of spring over the graves of the heroes of our land. Come out to special meeting at Congregational chapel, Shopiere, Saturday evening at 7:30.

Signed—John T. Atkinson.

SAYS BRIBE GIVER IS MENACE

John B. Roberts Blames Corporate Greed for Municipal Corruption.

New York, April 28.—Dr. John B. Roberts in addressing the National Municipal league declared that municipal corruption is due to corporate greed, fostered by personal selfishness and indifference of the citizen. He declared that the bribe-giver was a menace to clean government. "The first state," he said, "that enacts a law to imprison the bribe-giver and to let the bribe-taker go free, if he aids in the conviction of his tempter, is likely to be the first state to have clean city governments in its midst."

LAWYERS IN STREET BATTLE

One is Wounded as Result of Professional Feud in the South.

Birmingham, Ala., April 28.—R. L. Leatherwood and W. A. Denson, prominent young lawyers, engaged in a pistol duel on South Twentieth street, in the retail district. Ten shots in all were fired, Denson and a negro drayman being wounded. Denson was wounded in the leg and neck, but will probably recover. Leatherwood is in jail. The shooting grew out of a feud which began last year by each of the participants reporting the other to the State Bar association for alleged violation of legal ethics.

Getting Your Money's Worth...

The whole sum and substance of economical buying is feeling the full assurance that you are getting your money's worth. When you spend your money in this store you can feel that assurance; you can feel that every precaution, every intelligence is being used to safeguard your interests. There are many times during the year's merchandising when you get more than your money's worth; that is due to many causes which it is our business to watch out for. We are always glad to give you these trade chances because we feel that they are appreciated.

MUSLIN UNDERWEAR

Just received, our Spring and Summer line of Muslin Underwear, comprising a beautiful line of Corset Covers, Gowns, Drawers, Skirts, etc., of the well known manufacture, The Standard Mfg. Co. These goods are known for perfect fit, fine materials, and superior workmanship, and their place is at the head of the line when it comes to choice styles. We will have a large display in our center window.

SUMMER UNDERWEAR

Our stock of Knit Summer Underwear is also complete. We have the Summer grade from 5 cents up, but our white Lisle and Swiss Lisle for 25 cents are world beaters. Our American Silk Gauze, in colors, at 50 cents, and Silk Lisle Gauze at 75 cents are worthy of attention. The latter have every appearance of an all silk vest. The new ribbed summer vests at \$1.00 have neck and sleeves bound with Lisle taffeta, and drawn with a wash ribbon.

NEW SUMMER UNION SUITS

Trimmed with Point de Paris and linen laces. The celebrated Munsing, high neck and ankle length at 50c, \$1.00, \$1.25, \$1.50. A new line of Men's ribbed Union Suits at \$1.00, the best value in the market. Odd lots of Men's Summer Underwear at 9 cents and 22 cents.

Also a line of Ladies' summer Wash Skirts in chambrays, plain and lace trimmed, fancy ginghams, in stripes and plain, etc.
